

I can pee and poop in
the toilet by myself!

Hi, my name is _____. I am a big boy.
I can do many things by myself.

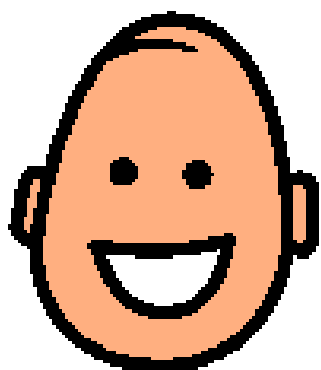

I can count. I can play puzzles. I can peep and poop in the toilet too.

Pee and poop in the toilet is easy. When my tummy feels funny, I may need to pee and poop. I can tell a grown up I need go to the toilet. That is a very good idea.

When I tell a grown-up I need to go to toilet and keep my underwear dry, I make mom and dad very happy. They may tell me I did a good job and give me a special prize.

When I pee and poop in the toilet, I make mom and dad proud. I will try my best to pee and poop in the toilet all the time.
